Chairman, Mobile Missile Panel

SUBJECT:

Letter of Appreciation

STAT

1. This is to express my appreciation, on behalf of the Critical Intelligence Problems Committee/Mobile Missile Panel, for the excellent presentations and discussions during our recent visit to the Air Development Center.

2. I would particularly like to thank you, [Redacted] and the briefers, for the additional briefings selected for our review after you learned our primary topic of interest. We were unaware of your work in those areas and the briefings were definitely of interest to us. The day's program enabled us to see and discuss all that we needed, despite our time constraints.

3. The Panel members felt that the visit was very rewarding, and look forward to a continued exchange of ideas and data on this critical problem.
